NEW COUNTY.

As we learn, a meeting was held at Grand Junction on last Tuesday evening for the purpose of forming a new county, to be composed of a portion of Hardeman and Fayette, and we deem it proper to inform our readers of the movement, frankly avowing, however, that there is not, according to the fundamental State law, sufficient territory for the formation of a new county, and will quote from the Code, article III, sec. 82, page 87, for the purpose of introducing

"New counties may be established by the hundred and fifty square miles, and which wise." shall contain a population of four hundred and fifty qualified voters. and 30 miles the other, and consequently contains about 675 square miles. So, it will be seen, she only has about 50 square miles that can be appropriated by the new county, because the law says the old county shall not be reduced to less than 625 square that she cannot give up three hundred square miles. This being so, we ask, where is the helpless ones. abler minds than ours. Certainly the new position: county could be formed if the territory could be found, and a majority of the qualified voters within the proposed bounds were favorable to the project.

CAPT. C P. JOHNSON, St. Louis Mo. P. S -The following was written April

30, 1865, by Mrs. Jennie Johnson, mother of Capt Johnson. Dr. Bull-Dear Sir: My husband, Dr. C. S. Johnson, was a skillful surgeon, and physician in Central New York, where he died, leaving the above C. P. Johnson to my adapted to Southern diseases and are giving care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. It cured him, I have for ten years recommended it to many in New York, Ohio, and Iowa, for scrofula, fever scres, and general debility. Perfect success has attended it. The cures effected in some cases of scrofula and fever sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to

Respectfully, 77 and JENNIE JOBNSON. DR. JOHN BULL Manufacturer and Vender of the Celebrated Smith's Tonic Syrup! Far the Cure of

Chills and Fever. The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the safe, certain, speedy, and permanent cure of Ague and Fever or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the trath of the assertion, that in no case whatever will it fail to cure, if the directions are great many cases a single dose has been sufficient for a care, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however prudent, and in every case more certain to cure, it its use is continued in amalier doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient however, require a cathurtic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETA-BLE FAMILY PILLS will be sufficient.
